

Construction Commencement Notice NYES Phase II – Northern Portion PSC Case 19-T-0684

New York Transco anticipates beginning the northern portion of Phase II site preparation and construction of its New York Energy Solution (NYES) Project on or about April 26, 2021.

Project Description & Route

The northern portion of Phase II includes:

Site preparation, construction and restoration for the installation of a new 345kV overhead electric transmission line co-located with reconfigured 115kV transmission lines in an existing electric transmission corridor between a to-be constructed Knickerbocker Switching Station in Schodack and the rebuilt Churchtown Switching Station in Claverack.

The map to the right shows the entire Project Route. The northern portion of NYES traverses the towns of Schodack, Stuyvesant, Stockport, Ghent, and Claverack.

The southern portion of NYES includes the towns of Claverack, Livingston, Gallatin, Clermont, Milan, Clinton, and Pleasant Valley. Work on this portion of the project is anticipated to begin in early 2022.

Construction Timeline

Construction is expected to start on or about April 26, 2021 and is estimated to be completed (including restoration) in late 2022. New York Transco will send additional notices with specific timeframes to neighboring landowners and municipalities prior to entering a geographic area.

Safety is Our Top Priority

For your safety, please stay out of construction sites and laydown yard areas. If you need to speak with someone on the project, please use the contact information to the above right. If it is an emergency, please dial 911.
