

# Transmission Line Construction Update Schodack | May 7, 2021

Construction of the New York Energy Solution (“NYES”) began in April 2021 in your area. NYES is being constructed by New York Transco and its contractors and subcontractors. Please find a construction update below. We are currently working in Schodack from the intersection of Knickerbocker Road and Muitzeskill Road to the Stuyvesant town line.

## Completed and current work:

- Currently in Phase 1: Site access build out, moving north to south.
- Flagging and staking of the NYES corridor is complete.
- Vegetation removal continues as needed to allow for access.

## Upcoming work:

- Phase 2: Foundations drilled and established, and new monopole structures erected.
- Phase 3: Conductor (wire) strung and the existing lattice structures removed and recycled.
- Phase 4 (final): Ground surface restoration and select landscaping.
- Vegetation removal will occur throughout these phases.

## Anticipated Transmission Line Construction Complete: End of 2021

## Construction Update Resources

Updates on construction work, including locations, can be found on the NYES website at [www.NY-ES.com](http://www.NY-ES.com). The website is updated every two weeks.

You may also call the NYES team toll-free for updates: **1-855-433-3611**.

## Safety is Our Top Priority

New York Transco is committed to the safety of its staff, contractors, and neighbors. For your safety, please do not enter construction sites or laydown yards during construction. If you have questions, concerns, or complaints, please contact the NYES team. If there is an emergency, please dial 911.
